

Remembering the 1980s

English Week was back! It was held with great success in October and November.

This year's theme was 'Remembering the 1980s'. It was a golden opportunity for us to know more about the past. All of us have known more about our parents' lives in the 1980s! The theme was indeed very interesting!

There were many fun activities in English Week, for example, the games organized by the SEA and S.3 Fun Games held by English Burg .These activities brought us back to the 1980s amazingly!

To encourage participation, students could get stickers by taking part in the activities or reading aloud to teachers. We did see many students reading loudly to teachers enthusiastically and they got a lot of stickers!

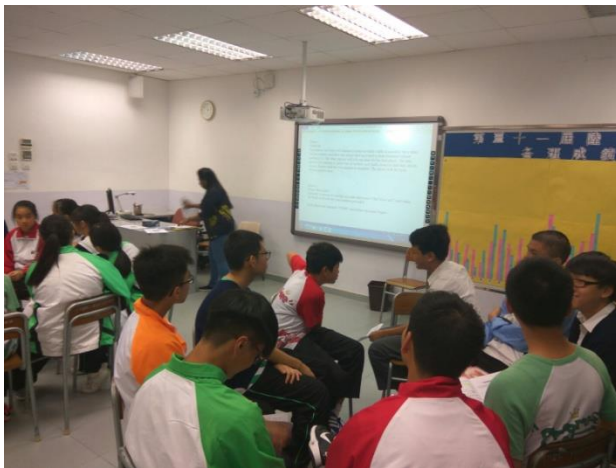

Our booth games were awesome! S.4 students had prepared the games for months. They did a good job to engage junior form students' interest in learning with fun.
